# What style do you prefer?

Traditional

or

Photojournalism

During my career in photography, I have studied both traditional and photojournalism. Whether you prefer your portraits standing near the altar you are to be joined at, or like the idea of "catching the moment"

I can offer either style. Many people prefer a mixture of the two.

I offer Three packages to fit your needs.  
All packages include a DOD Slideshow  
set to the music of your choice (between 3-4  
songs) as well as posting your images online  
to share with all your family and friends. The  
website is password protected for your security.

Custom Holiday and Thank You Cards
